Letter No44 dated the 18th August 1903, from the President, City Municipality Bangalore, in re the Plague Police Inspr: attached to the City.

In accordance with Govt. Progs. No1291-3 dated the 19th April 1900, a police officer on Rs40 plus 15 and 8 police constables on Rs 8 each were entertained to assist the Registrars in the work of segregation when necessary, in taking mahazars of property left in infected houses after the removal of the inmates to the Camp and storing the same in a strong room and taking charge of it and for conducting prosecutions under the E.D.Regns.

B

de para 14 of the late Commr's memo printed th Order No.1291-3 dated ne 19th April 1900

2 It would appear that the police officer's place, just alluded to, was given to one Vardachar who was formerly employed in the city municipality as Asstt. Sanitary Inspector on Rs45 plus 10; and one Gulamalli Khan, formerly Market Sergeant and Hackney Carriage Inspector, was given the Asstt. Sanitary Inspr's place vacated by Varadachar.

3 The combined office of market sergeant and Hackney Carriage Inspector has since been split up and two different individuals have been appointed thereto.

4987 dated 10.10.1903
d.7226-96

4 In pursuance of Order No16103-4 L.B.P.785 dated the 15th May 1903, observing that the present plague establishment in the city should be so reduced as may be sufficient

to meet actual requirements, the President wrote to the Inspector General of Police that Vardachar's services would be dispensed with from the 15th June 1903 and that orders might therefore issue to relieve him after taking charge of the property of demolished houses in his custody.

No. 7291/650 dated 16 June 1903 Dirs C

5. To this the I.G. replied that he did not understand what the Police had to do with the property found in demolished houses and that the municipality had to arrange for its safe custody.

6. In forwarding, with the letter cited above, the file of papers on the subject, a summary of which is here given, the President requests that in case of Varadachar's place in the plague estabtt. being abolished and himself made to revert to his original apptt. as Asstt. Sanitary Inspr., either Gulamalli may be provided with a suitable appointment in any other deptt., in as much as his former place, viz, Market Sergeant and Hackney Carriage Inspr., has been broken up and two different persons have been appointed to each of them, or for the retention of Varadachar in his present capacity as Plague Inspr. until Gulamalli Khan is provided for elsewhere by Govt.

7. It may here be stated that with reference to a previous application from Varadachar, the Dy. Commr. has been asked to provide him with a suitable post anywhere in the ~~Bangalore~~ Bangalore Distt. when a vacancy occurs.

17282 dated 25.4.03 / 2nd p 17307 Submitted for orders.

Inspector General of Police said
that the Municipality should
arrange for the safe custody
of the property found in deserted

Commissioner seems to have thereupon ordered
the City Police to take charge of
such property. So, it seems that
Vanderkar's services are not
required in the Plague Dept.
9 As regards ~~to grant~~
~~an enquiry~~ Vanderkar's request
that he may be allowed to resign

& the Govt ~~object thereon in which~~
~~the Commissioner~~ & President

He being so, it is not understood
why the present reference was

President expects Government
to provide the present assistant

simply for the sake of ~~the enquiry~~

10 I am unable to agree to the order proposed If Varadachar is not required for Plague work, he must be permitted to revert to his previous appointment Viz, Assistant Sanitary Inspector. It is true that he held the latter appointment on probation but there is nothing to show that he did not give satisfaction and that therefore he had to be removed from this post and sent to the Plague Department The pay sanctioned for the new post was Rs.45+15 and it is not clear why Varadachar was given only Rs.40/+ 15

11 Varadachar's transfer and Gulam Alli Khan's appointment in his place, were temporary arrangements The combined offices of Market Sergeant and Hackney Carriage Inspector were only to be split up when the [redacted]

(7) the occupant thereof, Viz, Gulam Alli Khan was other-wise provided for (See Sl. No.52 in File N.226 of 1896) Admittedly, Gulam Alli Khan was not permanent--ly otherwise provided for, for he was only appointed Sub pro tem in Varadachar's place. That being so, do not see how the splitting up of the combined offices permanently and the appointment to each of the offices of Market Sergeant and Hackney Carriage Inspector of a new man permanently, could have been properly ordered. The two new men ought only to have been appointed to act Sub pro tem during the employment of Varadachar and Gulam Alli Khan on other duty. If Varadachar's services are no longer required for Plague duty, he must displace Gulam Alli Khan who in his turn must displace the two men on Rs.15/- each appointed in his place, the latter being otherwise provided for either by the President or by the Deputy Commissioner at an early date I do not see the justice of refusing to restore the statu quo ante and of asking Varadachar to go home Surely he is not responsible for the mistake made in disposing of Gulam Alli's place permanently instead of temporarily.

SERIAL No. 1

Sir,

In submitting herewith a file of correspondence ending with docket no: 7281/65C dated the 17th June 1903 from the Inspector General of Police in Mysore regarding Plague Police Inspector Varada Char's services being dispensed with, I have the honor to state that Varada Char was first employed in the Municipality as Assistant Sanitary Inspector on Rs 45-10 in October 1898 on probation In May 1900 he was taken to the City Plague Establishment as Police Inspector on

(Rs 40+15 On his transfer to the Plague Department, Gulamalli Khan, who was Market Sergeant and Hackney Carriage Inspector on a salary of Rs 15+15, for the combined appointment, was appointed Assistant Sanitary Inspector Sub-protem on Rs 45+10. in place of Varada Char.- When Gulamalli was thus promoted, the combined posts of Market Sergeant and Hackney Carriage Inspector were separated and a different individual was appointed to each as per Government Order No. 4987 17 226-96. dated the 10th October 1900.

Now Varada Char prays that, in case the Plague Police Inspector's post

post were to be abolished as no longer required, he may be allowed to revert to his former appointment, viz. that of Assistant Sanitary Inspector. As Gulamalli cannot in his turn, be reverted to the combined post he previously held, as the two places have been since separated, Varada Char cannot be sent back as Assistant Sanitary Inspector until Gulamalli is otherwise provided for. As there is no post in the Municipality which may be given to Gulamalli, I request that you will be so good as to obtain the orders of Government for Gulamalli being

being provided with a suitable appointment in any other department or for the retention of Varada Char in his present office of Plague Police Inspector until Gulamalli is provided for elsewhere by Government.

Order thereon No. L.B.P 616-7 18/11/03

From a perusal of the letter read above and of the correspondence received therewith, it is observed that Varadachar who at present holds the post of Plague Police Inspr. originally held the post of Asstt. Sanitary Inspector, Bangalore city, on a salary of Rs45 plus 10 to which he was appointed on probation in Oct. 1898.

2. On Varadachar's subsequent appointment as Plague Police Inspr. in May 1900 on a reduced pay, Gulam Ali Khan, Market Seargent and Hackney Carriage Inspr. is said to have been appointed as Asstt. Sanitary Inspr.

3. By order No.4987-L.F.226-96 dated the 10th Octr. 1900, the combined posts of Market Sergeant and Hackney Carriage Inspr. were split up and a different individual was appointed to each.

4. Now that Varadachar's services are no longer necessary in the Plague Deptt., as the property of demolished houses &c. under his custody is believed to have been taken charge of by the city police, the President says that he cannot

reverted to the Asstt. Sy. Inspr's place, unless Gulam Ali Khan is provided for elsewhere as the combined posts of Market Sergeant and Hackney Carriage Inspr. which the latter held prior to his appointment as Asstt. Sy. Inspr. exist no longer, and therefore recommends that Varadachar may be retained in the present scale, until Gulam Ali Khan is provided for elsewhere.

5. In his subsequent communication No.102 dated the 17th Oct. 1903, the President also brings to notice that Hackney Carriage Inspr., Varadappa is dead and that his vacancy cannot be filled up until orders are passed regarding the present Asstt. Sy. Inspr. Gulam Ali Khan.

6. Govt. consider it undesirable to disturb the existing arrangement under which Gulam Ali Khan has been doing good work. If the President is satisfied that Varadachar is a permanent employee of the municipality he may appoint him as Hackney Carriage Inspr. and if he has better claims he may even add on the Market Sergeant's duties & pay to him which is also vacant with reference to the orders already passed in this office 17282-T.F.F.1757 dated 25th April 1903

Sir,

With reference to Government Proceedings No. L.B.P. 6167 dated the 18th November last directing the employment of Varada Chari, the Plague Police Inspector in the City, in the combined posts of Hackney Carriage Inspector and Market Sergeant I have the honor to state that as Varada Chari was also in addition to his duties as Plague Police Inspector supervising the work of the Burial Ground Watchmen

without any extra remuneration therefor and more satisfactorily than the Burial Ground Daffedars of whom there were two - one on Rs 12/- and another on Rs 10/- the posts of Daffedars were done away with in the year 1903-1904.

Now that there is a near prospect of the Plague Police Inspector's post being abolished, he cannot in justice be asked to attend, after its abolition, to the duties in connection with the Burial Grounds without remuneration. The combination of 3 posts viz; "Burial Grounds" "Market Sergeant" and "Hackney Carriage Inspector" is both objectionable on principle and would prove too burdensome for one Official to attend to. As supervisor of Varada Char's Stamp to look after the work of Burial Ground watchmen is very necessary to ensure correct statistics of deaths in the City. I therefore request that Varada Char

may be, appointed, as Burial Ground and Hackney Carriage Inspectors and allowed to draw Rs 20/- as pay for the former and Rs 20+15 for the latter and solicit the favor of sanction to the above proposal with effect from the date the Plague Police Inspector's post will be abolished

The Veterinary Inspector is now looking after the duties of the Market Sergeant and as the work is being satisfactorily carried out, the arrangement may continue.

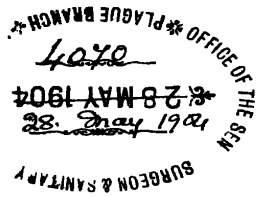
Bangalore.



With reference to Government Proceedings No. 338I -L.F.226-96 dated the 5th March last, I have the ~~honr~~ to state that as Plague Police Inspector's post was pro--posed in the beginning of this year to be abolished -- recommendation was made in the Office letter No. 44 -- dated the 20th August I903 for Varada Char being provided otherwise. The Government Order No. 6I6-7-L.B.P. dated the I8th November I903 passed thereon could not be given effect to at the time as the Senior Surgeon and Sanitary Commissioner had, prior to the receipt of the above Order, intimated his approval to the further retention of Varada Char as Plague Police Inspector.

2. I beg to state that even now the Order in -- question cannot be carried out as the Senior Surgeon on the recommendation of the late City Plague Officer, recently sanctioned the further continuance of Varada Char in his present post. As it has been found necessary -- to continue the Plague Police Inspector's post for sometime longer, there is no need at present to appoint - Varada Char who is a temporary hand as Hackney Carriage Inspector.

3. I request that pending submission in due course

To

Sir,

In reply to Government Proceedings No. 29-70/L.B. 226-96 dated the 6th. July 1904, I have the honor to state that Plague Police Inspector Varadachar is entrusted with multifarious duties in the Plague Department, the details of which will be found in the enclosed list. Besides these he is made to look after the following Municipal work, which alone in my opinion seems to require the services of a full time Officer:-

1. Supervision over burial and burning grounds and preparation of daily burial Returns.
2. Being in charge of Conservancy Stores.

2. A copy of the late Plague Officer Mr. T.S. Nanjappa's report on the nature and importance of the Plague Police Inspector's work is also herein enclosed for the information of Government.

3. For the obvious reason given therein and in the President's letter No. 728 dated 4th. June 1903, an extract of which is herein enclosed, the services of the Inspector in the Department were found to be absolutely necessary and he has been

has been accordingly retained

I have the honor to be,

4. Helping in the enforcement of the Regulation whenever necessary.

5. Helping the Registrars in carrying out Plague Measures.

6. Helping the Disinfection Inspectors to get houses opened for disinfection.

7. Being in charge of Disinfection Stores for which there was formerly a full time Store-keeper on Rs. 25/- per mensem. This work is now looked after by the Police Inspector without any extra remuneration.

With reference to the President's memo No. 2231 of 14th. March 1904 forwarding Government Pro: No. 3381/ L.F. 226-96 dated 5th. March 1904, for my opinion I have the honor to state that the Plague Police Inspector Mr. Varadachar was very useful to me in inducing people tp get their houses disinfected, and in checking the total mortality of the city with the Returns of the Burrial ground Watchmen. Besides he is in charge of the Plague unclaimed properties from the time the Ward Offices were closed, and he has to attend the Courts very often to answer the charges of the various claimants for the above properties; this is a most important and responsible duty, and Mr. Varadachar with his previous knowledge of the full history of each case has been able to meet the various charges with satisfaction to all parties.

For these reasons, I am of opinion that his services in the Plague Department are indispensable for some time longer.

Extract from the letter No. 728 of the 4th. June 1903 from the President City Municipal Commission Bangalore to the Senior Surgeon and Sanitary Commissioner.

The Plague Police Inspector has been in service since 1898. He is in charge of the property removed from demolished houses and has been conducting prosecution in cases of offences against Epidemic Diseases Regula ion in addition to helping in enforcing the Regulation whenever necessary When the death certificates were abolished, it was necessary to arrange that the burrial grounds were properly supervised and the burrial Registers correctly maintained. The low-paid and unreliable Inspectors were therefore dispensed with and their work entrusted to the Police Inspector.
